## Overview

UI/UX & Product Designer with a background in Computer Science and experience designing web and mobile products. Skilled in translating business requirements into user flows, wireframes, prototypes, and intuitive user interfaces. Experienced in collaborating with developers and stakeholders to create usable, scalable solutions that align with both user needs and business goals.

## Experience

### Junior UI/UX Designer

*SM Technology | Sep 2025 – June 2026*

- Created user flows, wireframes, prototypes, and visual designs for web and mobile products, translating requirements into intuitive and usable experiences.
- Collaborated with developers and cross-functional teams to refine designs, support implementation, and maintain consistency across product interfaces.

### UI/UX Designer (Intern)

*Smile Care Limited | February 2025 – May 2025*

- Designed and refined website interfaces in Figma, focusing on usability, navigation, and visual consistency.
- Collaborated with team members to maintain consistent branding, design standards, and user experience across digital platforms.

## Projects

### NexBill — Business Financial Management Platform

<https://nexbill.pro>

Designed an end-to-end financial management platform covering invoicing, expense tracking, payments, and revenue management.

Structured the product experience around streamlined business workflows, including workspace setup, invoice creation, payment reconciliation, and real-time financial insights.

### Save Bangladesh – Social Awareness Platform

<https://www.savebangladesh.live>

- Designed a responsive platform focused on building trust and encouraging visitor participation.
- Structured content and user flows to help visitors understand the mission, explore initiatives, and make informed pledges.

## Education

### Bachelor of Science (BSc) in Computer Science and Engineering

American International University–Bangladesh (AIUB), Dhaka

Major: Software Engineering

*Graduation Year: 2025 | CGPA: 3.57*
